About 4-H Record Books

The 4-H program has a long history of record keeping. The focus reflects the importance of this life skill in our daily lives. Completing a 4-H Record Book is a process where you record project and club work using a standard format.

Why have 4-H Record Books? Completing the Personal Development Report in the Record Book provides you an incentive for participation, learning, and achievement.

Benefits of completing a 4-H Record Book:

- **Practice Records Management** - Track your activities, events, profits and losses, skill development and learning experiences. In this competency skill you identify, create, classify, archive and preserve records.
- **Reflect on your yearly work** - Document your skill development and learning experiences in a written report.
- **Measure your achievements and growth throughout your years in 4-H.** Set goals, pursue strategies to meet those goals, and record how you may have had to shift gears in the face of challenges and obstacles.

“Fashion through the Ages”

What is Fashion Revue?????

Fashion Revue encourages members to focus on their personal appearance and sense of style, fashion and consumer science. The primary purpose of Fashion Revue is to build self-confidence in young people by helping them find the style that suits them best and work on grooming, posture and stage presence. Members may purchase an outfit or sew a garment for the event. The sewn category may use new fabric or the recycling of an old garment into a new one.

This event is open to all 4-H members. Judging will be based on the fit and appearance of the garment as well as the presentation of the outfit.
